

TOTAL TOXIC ORGANIC CERTIFICATION
(In lieu of monitoring for Total Toxic Organic)

For Electroplaters and Metal Finishers Only

Based on my inquiry of the person or persons directly responsible for managing compliance with the pretreatment standard for total toxic organics (TTO), I certify that, to the best of my knowledge and belief, no dumping of concentrated toxic organics into the wastewaters has occurred since filing the last discharge monitoring report. I further certify that this facility is implementing the total organic management plan (TOMP) submitted to Upper Blackstone Clean Water.
