

# UPPER BLACKSTONE WATER POLLUTION ABATEMENT DISTRICT

## Operator

The Upper Blackstone Water Pollution Abatement District is a MA Grade 7 Wastewater Treatment Plant in Millbury, MA currently accepting resumes for an entry level Operator. We are one of New England's largest clean water treatment plants serving roughly 250,000 people in the greater Worcester area and managing biosolids for an additional 14 communities.

Candidates will be responsible for safely and reliably operating and maintaining WWTP facility processes and equipment including belt filter presses, multiple hearth incinerators, and a biological nutrient removal activated sludge system. Ability to perform process control laboratory analysis and work with and understand SCADA is necessary. Salary based on education level and experience – college level coursework in a related field is desirable. Weekend work is required. Must pursue work with energy and drive.

Excellent potential for growth.
