

### **Repairman/Heavy Equipment Operator**

Upper Blackstone Clean Water is a MA Grade 7 Wastewater Treatment Plant in Millbury, MA currently accepting resumes for a Heavy Equipment Operator.

The Heavy Equipment Operator is responsible for operating heavy equipment in a safe and effective manner. Works as part of a team to perform all classes of work associated with the diagnosis, inspection, corrective and preventative maintenance, repair, alignment, and rebuilding of a variety of plant equipment and machinery associated with wastewater treatment facilities. Heavy equipment may include trucks, front-end loaders, dozers, compactors, snow blowers, and other pieces of equipment. Operates heavy motor equipment in excavating and backfilling earthworks/landfill. Attends to safety of operation to prevent accidents. Inspects, repairs, and operates motorized equipment and heavy machinery including trucks, forklifts, hoists and other vehicles. Use of equipment for snow removal. Hand shoveling as needed. Performs general grounds-keeping duties throughout the facility site. Maintains grounds; cutting grass, weeds and brush; trimming bushes and trees; raking grass, leaves and trash; seeding and caring for lawn and ornamental plantings. Removes snow and ice from walkways, driveways, parking areas and buildings and equipment as needed. Collects and disposes of trash. Observes good housekeeping standards. Applicants must possess the following licenses: MA Hoisting Engineer HE-1C/2B & Class B Driver's License with Air Brake Endorsement.
